

A powerful solution for real estate marketing

Real estate professionals generate a lot of valuable news that people want to know about. This is a huge marketing opportunity that has been overlooked, UNTIL NOW.

Every new listing or sale is an opportunity to promote your business where a news article can be written and distributed to the media. **Realty Wire** templates make it quick and easy to create your article.

Proven results and relentless innovation

Realty Wire posts news articles to hundreds of online news sites, social media platforms, and search engines. They're also indexed and featured with other leading articles at hundreds of online publications and newswires.

We will make you look larger than life with nationwide media visibility. Once **Realty Wire** distributes your news article, we will provide you with a "Distribution Report" that includes links where you can see your article online as well as a "Traffic Report" for details on people that have viewed your article.

Rise above the competition with a unique and powerful marketing tool

Realty Wire brings vast exposure to your listings. Impress sellers and get new listings with **Realty Wire's** enormous online visibility, traffic, SEO and media coverage.

Sharing your news with the media and consumers using distribution from **Realty Wire** builds awareness, boosts online visibility, instills credibility and creates SEO benefit for your website.
